

TO: The Town of Lewisboro Planning Board
FROM: Lewisboro Conservation Advisory Council
SUBJECT: Indian Hills Water System, 0 Apache Circle, Katonah, NY 10536
DATE: May 10, 2022

The Conservation Advisory Council (CAC) has reviewed the materials submitted by the applicant for the construction of a water treatment facility. The new construction is within the wetland buffer

In addition to the wetland mitigation plan, the CAC would also like to know if any chemicals are added to the water that could have a negative impact on the wetlands. The plans also show the removal of a 26 inch maple tree, a specimen tree. This tree appears to be on the edge of the road and the CAC would like to understand if the road could be moved slightly to preserve this tree.
