

A Town Board meeting of the Town Board of the Town of Lewisboro, Westchester County, New York, was held on May 23, 2022, at 7:30 p.m. at the Town House, 11 Main Street, South Salem, New York.

Supervisor	Tony Gonçalves
Council Members	Andrea Rendo, Mary Shah, Richard Sklarin and Daniel Welsh
Town Clerk	Janet L. Donohue
Absent	None

Also attending was the Attorney for the Town Jennifer Herodes, Deputy Supervisor/Comptroller Leo Masterson, Assessor Lise Robertson, Facilities Maintenance Director Joel Smith, Maintenance Assistant Shawn Johannessen, and Confidential Secretary/Benefits Coordinator Mary Hafter.

Approximately 7 residents/observers attended the live meeting and approximately 14 participated via Zoom.

Supervisor Gonçalves called the meeting to order at 7:30 p.m.

**PUBLIC HEARING** – Bacio Trattoria’s Petition for Zoning Map Amendment (7:31 – 7:55 p.m.)

Supervisor Gonçalves called the public hearing to order for a proposed local law of the Town Code of the Town of Lewisboro with regard to the Petition for Zoning Map Amendment submitted by ANACAPRI, LLC, which proposes an amendment of the Town of Lewisboro Zoning Map and re-zoning of the parcel known and designated as Sheet 20 Block 10800 Lot 1 (19 Mark Mead Road) from Zone R-1/2A (One Family Residence District) to RB (Retail/Business District). There was no objection to the time or form of the public notice (attached). Supervisor Gonçalves asked for comments from the audience.

Michael Sirignano, the attorney representing Bacio Trattoria, went over the changes that they were proposing which is to rezone a portion of the property across the street on Mark Mead Road that they would use as overflow parking where employees would park. This rezoning would be from residential to retail business.

Supervisor Gonçalves read into record the letter from the Planning Board (see attached) that showed general support for the rezoning and concept, but they would prefer to have a New York State Environmental Quality Review (SEQRA) linking the rezoning and site development plan approval.

Councilman Welsh stated that his concern was that by rezoning a portion of the property it would be able to be merged with the property at the front lot (currently AIA property).

Mr. Sirignano's concern was that a SEQRA review would take several months however his client only has 90 days to back out of the deal if they are unable to rezone the property.

Neighbors will be notified once a site plan review is presented, and the notification will be done through the Zoning Department.

Residents Jim Moreo and Carol Cernak both spoke in favor of the added parking and change in rezoning.

Julio Orellana, a Mark Mead resident, was unable to raise his hand during the public hearing via Zoom so he drove to the meeting and wanted to speak, however the public hearing had been closed. He went back home and made his comments during the second public comment period. Mr. Orellana stated that he, along with other residents of Mark Mead Road opposed Bacio's proposal. He stated that it appears that they only use the overflow parking a few times a week. He also stated that the neighbors had not received any correspondence about this proposed rezoning proposal. The Board did suggest that Mr. Orellana and neighbors send their comments in writing to them.

On motion by Supervisor Gonçalves, seconded by Councilwoman Rendo, the Board voted as follows:

LEWISBORO BASEBALL ASSOCIATION – Fox Valley Park Improvements

Jim Moreo, President of the Lewisboro Baseball Association, made the below presentation to the Board regarding a LBA project at Fox Valley that they would like approved:

*Please allow me to present to your committee proposals to provide a new scoreboard and batting cages at the Fox Valley Park lower baseball field. These projects will be funded by \$45K of senator Harckham's SAM grant to the Town of Lewisboro.*

***Fox Valley Scoreboard*** – The Lewisboro Baseball Association would like to install a new scoreboard in place of the current old scoreboard. The old scoreboard is approximately 25 years old, has missing and broken parts and is not repairable. This project would include removing the old scoreboard along with the Pepsi sign, leaving the Fox Valley sign at the top of the two posts. The new scoreboard will be installed onto the existing posts below the Fox Valley sign and connected to the existing electric. A wireless controller will be installed in the shed connected to the 3<sup>rd</sup>-base dugout to allow a scorekeeper to control the scoreboard via an app on their phone.

***Fox Valley Batting Cages*** – The Lewisboro Baseball Association would like to install two batting cages side by side in the area between the parking lot and the fence on the first base side of the Fox Valley lower field. The lower field currently does not have batting cages. Note: The Town Park, Vista and Fox Valley upper fields, used by baseball players 12 years old and younger, all have some type of batting cage. The new cages would be used by players warming up to play a game or individuals looking for a safe place to practice hitting.

*FYI, The Fox Valley lower field is a Major League Baseball regulation-size baseball field that is used by players 13 years old and older. The field is used by the John Jay Middle School Modified baseball team and the John Jay High School JV baseball team (practices only) and Lewisboro Baseball 13U, 14U, 15U and 16U teams (not every year has all four age groups). Occasionally, the field is used by a men's league team.*

HIGHWAY – 3 Way Stop Sign at Hall Avenue & Pond Street

Supervisor Gonçalves read the below letter from a Goldens Bridge resident requesting a 3 way stop sign at Hall Avenue and Pond Street. Included also is the referenced letter from July 6, 2021:

*May 23, 2022*

*Honorable Tony Goncalves, Supervisor and Members of the Town Board  
Town of Lewisboro  
Town House  
11 Main Street  
South Salem, NY 10590*

*Re: Highway Superintendent and Police Chief's Opinion that Extra Signs are Unnecessary*

*Dear Supervisor Goncalves and Members of the Town Board:*

*I am writing on behalf of the Golden's Bridge Community Association ("GBCA"). On July 6, 2021, we submitted a request to the Town Board to approve a three way stop at the intersection of Hall Avenue and Pond Street. Thank you for putting this item on the agenda.*

*The opinion/recommendation of the Highway Superintendent and Police Chief is incomplete and does not reflect a complete understanding of this issue. It ignores GBCA's request and rationale contained in the July 6, 2021 letter.*

*The conditions on our roads continue to deteriorate. The causes are numerous, but I will highlight three: (1) Commercial traffic is increasingly guided by delivery metrics requiring drivers to cut corners and speed on straight aways to make up time, (2) Roads are being maintained with recycled dirt material creating unhealthy conditions resulting from dust plumes, and (3) State mandated 30 mph on our town roads is unsafe and unenforced.*

*These conditions are dangerous. Our community believes they must be addressed proactively and immediately to avoid heightened risks, potential injury, and burdened living conditions. The three-way stop will slow the speed of traffic. At the same time, it will help minimize the dust plumes trailing vehicles traveling at a high rate of speed. Our board has heard stories of startled parents running to protect their children from dust clouds while playing on their own properties. Properties along these highly travelled ways are covered by dust both inside and outside. In addition, those who walk our roads wear facemasks to avoid transmitting COVID as well as to avoid breathing in dust. And, as stated in our letter in July, near accidents at these intersections are a nearly daily occurrence.*

*We initially discussed this issue with the previous Supervisor eighteen months ago. At that time, no extraordinary procedure was described to approve this request. We were told that it was a reasonable request and that we should get approval from our membership and relay the request to the Town. We did. We understood the delay to be that the sign budget had been exhausted that fiscal year. Yet, here we find more potential delays in advance of a busy recreational summer season when children and families are most likely to be on our roads.*

*We appreciate that the Town Board must balance interests when evaluating this request. Those who would be inconvenienced/burdened are only likely to be those speeding who exacerbate the present conditions. Our request is tiny. Yet, the benefits that would flow are considerable.*

*I respectfully ask that our original request, without modification, be approved immediately. For quick reference, I have reattached the July 6, 2021 letter.*

*Respectfully,*

*Paul Stewart-Stand, President  
Golden's Bridge Community*

*July 6, 2021*

*Honorable Peter Parsons, Supervisor and  
Members of the Town Board  
Town of Lewisboro  
Town House  
11 Main Street  
South Salem, NY 10590*

*Re: Three Way Stop Sign at Hall Avenue & Pond Street*

*Dear Supervisor Parsons and Members of the Town Board:*

*I write on behalf of the Golden's Bridge Community Association in support of our concerned members' request for a three way stop at the intersection of Hall Avenue and Pond Street.*

*During our monthly board meeting in June a motion in support of this request passed unanimously. This request is uniquely urgent because:*

- Increased commercial vehicle activity required to make quicker deliveries influenced by corporate metrics;*
- Vehicles entering the neighborhood from Route 138 have uninterrupted sight lines up the hill encouraging acceleration;*
- There is a significant and increasing number of school age children enjoying the neighborhood who are placed at heightened risk of speeding vehicles;*
- A school bus stop at the end of Pond Street puts children traveling to and from school at risk;*
- Near accidents are almost a daily occurrence as a result of speed, blind turns, and increased traffic;*
- Uninterrupted, vehicles accelerate up and down these hills*
- Hall Avenue ends with only yield sign*
- Speeding vehicles kick up significant dust in their wake causing deleterious conditions to pedestrians and others enjoying the streets for recreation*

*We appreciate your attention to this issue. It enjoys broad support among our membership. Please let us know if there is anything we can do to ensure that the signs are installed as soon as possible.*

*Respectfully, Paul Stewart-Stand, President Golden's Bridge Community*

Supervisor Gonçalves stated that he received an email from the Highway Superintendent stating that after meeting with the Police Chief, they felt the best solution would be to replace the yield sign with a stop sign and they did not feel there was a need to make this a 3-way stop. The Board agreed to discuss this with the Police Chief and Highway Superintendent before setting a public hearing.
