In support of the shared goal of enhancing traffic safety, I am pleased to inform you that the New York State Department of Transportation (NYSDOT) has allocated up to \$3 million to conduct a study to evaluate the traffic flow and safety on State Route 35 and State Route 202 from the Hudson River to the border of Connecticut.

The study will include the Bear Mountain State Parkway in Yorktown, the Town of Cortlandt and the City of Peekskill located in Westchester County.

The Department will provide a report on the findings from this study to the Governor and Legislature.
