PROPOSED LOCAL LAW # OF THE YEAR 2023

BE IT ENACTED by the Town Board of the Town of Lewisboro , County of Westchester, State of New York as follows:

SECTION 1 : AUTHORITY

This chapter is adopted pursuant to the authority, of Article 2, §10 of the New York State Municipal Home Rule Law.

SECTION 2 : REPEAL OF CHAPTER 203

Chapter 203 of the current Code of the Town of Lewisboro entitled "Trees" is hereby repealed in its entirety.

SECTION 3 : ENACTMENT OF CHAPTER 203

Chapter 203 of the current Code of the Town of Lewisboro entitled "Tree Preservation" is hereby enacted as follows:

Chapter 203. TREE PRESERVATION

§ 203-1. Purpose.

As a community of striking natural beauty, with a long tradition of environmental awareness and protection in northeastern Westchester county, The Town of Lewisboro recognizes the inherent value and necessity of preserving and protecting trees in our overwhelmingly residential community. These include the absorption and storage of carbon dioxide and polluting particulates, protection of natural wetlands and drinking water, as well as reduction of storm runoff and erosion on steep slopes. As such, these benefits are both essential and self-evident. However, as a community, we also acknowledge the need to balance the preservation and protect their properties, while being free of unduly burdensome governmental interference and restrictions. As such, the Town of Lewisboro, in an effort to protect the health, safety and welfare of its citizens, finds it necessary to regulate the removal of trees in furtherance of the balance of the interests of preservation and conservation with the rights of property owners, as well as to expressly prohibit the clear cutting of trees on all residential properties, of whatever lot size, as defined herein.

§ 203-2. Definitions.

As used in this chapter, the following terms shall have the meaning indicated:

AGRICULTURAL ACTIVITY The activity of an active farm, including grazing and watering livestock, irrigating crops, harvesting crops, and using the land for growing agricultural products, but shall not include the operation of a dude ranch or similar operation, or the construction of new structures associated with agricultural activities, or cutting timber for sale.

CLEAR-CUTTING The cutting down and/or removal of live trees from any residential property within the Town of Lewisboro in the absence of any visible evidence of one or more of the following circumstances: (i) such tree being dead, diseased, and/or in a state of irreversible decline or decay, as determined by a professional arborist (or other licensed tree service

professional retained by the property owner or resident); or (ii) posing a substantial risk of endangering life or property if any such tree or trees are/is not cut down and/or removed from the residential property in question. This definition shall not include activity described in §203-4 (B) of this Chapter.

DEAD TREE - A tree that is lifeless. Evidence of lifelessness may include unseasonable lack of foliage, brittle dry branches, or lack of any growth during the growing season.

DIAMETER AT BREAST HEIGHT (DBH) - A standard measurement of trees made at 4 ¹/₂ feet above ground level on the uphill side.

INVASIVE SPECIES: A species, not native to an ecosystem, whose introduction does or is likely to cause economic or environmental harm or harm to human health.

SPECIMEN TREE – A tree with a dbh of 18 inches or larger, and small native or ornamental flowering trees with a dbh of eight inches or larger.

TREE - Any self-supporting woody plant with an erect perennial trunk or multiple trunks which are, in combination, with a sum of 6 inches dbh.

TREE REMOVAL - Any human act which causes a tree to die.

§ 203-3. Administration and Enforcement.

- A. The Town Board will designate an Approving Authority to administer and enforce this chapter. The Approving Authority may be any individual duly appointed by resolution of the Town Board, including a licensed/certified Arborist and/or the Town Building Inspector. Any Approving Authority shall seek the advice and recommendation of the Wetlands Inspector or any licensed/certified Arborist engaged by the Town Board (as may be applicable) for purposes of reviewing any application seeking issuance of a permit pursuant to the Chapter. Any contractor performing services pursuant to any permit issued under this Chapter shall be duly licensed for such services by the County of Westchester.
- B. The Approving Authority shall:
 - (1) Consult with any other experts as deemed necessary; including but not limited to the individuals set forth in subsection (A) above as required to administer this ordinance.
 - (2) Receive and keep accurate records of tree removal permit applications.
 - (3) Inspect the trees described in each application based on standards for granting permits described herein, both before and after removal takes place.
 - (4) Approve, with conditions, or deny tree removal permit applications according to the standards in this chapter, giving reasons for denial and specifying any conditions for such tree removal as specified below.
 - (5) Carry out such related duties as may be specified from time to time by the Town Board.

§ 203-4. Permit Required.

- A. A tree removal permit shall be required prior to removal of any of the following on the homeowner's property:
 - (1) Any tree within any wetland or wetland buffer as defined in Chapter 217 of the Code of the Town of Lewisboro.
 - (2) Any tree on a slope exceeding a grade of 15%.

(3) Any tree removal which would be considered "Clear-Cutting" as defined within this Chapter.

(4) Any specimen tree.

(5) Any tree designated by the New York State Department of Environmental Conservation ("NYSDEC") as a protected native plant.

- (6) Any tree removal in a Special Character Overlay District as defined in §220-31.
- B. Exceptions. No tree removal permit is required for the removal of any of the following on the owner's property:

(1) Tree removal from any residential property within the Town of Lewisboro which involves, or concerns, a tree (or trees) located within sufficient proximity of a dwelling (up to a maximum of 100 feet) that it would reach the dwelling if it were to fall due to natural causes.

(2) Tree removal of any tree which is dead, diseased, and/or in a state of irreversible decline or decay, as determined by a professional arborist (or other licensed tree service professional retained by the property owner or resident) or which is otherwise posing a substantial risk of endangering life or property if any such tree or trees are not cut down and/or removed from the residential property in question.

(3) Tree removal in connection with the construction, reconstruction, enlargement, moving or structural alteration of a building or other structure, including construction and installation of site improvements related thereto, for which an application for a building permit shall have been approved by the Building Inspector. Any such building permit application shall include a listing or inventory of trees proposed for removal. The building inspector shall have the discretion to limit the removal of trees to those which are deemed essential to construction.

(4) The removal of a maximum of no more than 3 (three) trees, of any kind, type or diameter from any portion of any residential property within a calendar year which do not otherwise require a permit under Section 203-4(A) herein. The foregoing quantity shall be exclusive of any tree removal as allowed defined in subsections (1), (2) and (3) herein as well as tree removal as necessary to control forest fires during such fires.

(5) Tree removal as necessary to maintain town, county, state or utility rights-of-way, provided that such removal is conducted according to lawful easements, statutory

requirements and/or franchise agreements.

(6) Tree removal directed by the NYSDEC for control of invasive species or pest control provided that the agency files with the Approving Authority a plan showing the areas of removal before commencing such operations, except when required emergency removal makes such filing impractical.

(7) Tree removal which is part of a forest management plan that has been filed and approved by the NYSDEC or any other agency having jurisdiction.

- (8) Trees that are removed to enable agricultural activity as defined in this chapter.
- (9) For Special Character Districts, the exceptions as stated in Section 203-4 B(1) and B(2) should also apply for the safety of the homeowner.
- C. Standards of Review. In making its determination to grant, deny or grant with conditions a tree removal permit under this chapter, the Approving Authority shall consider the following factors:

(1) Whether the removal will have a significant adverse impact on ecological systems, including erosion potential and wildlife habitat.

(2) Whether the removal will have a significant adverse impact on other properties or roadways, including an impact on screening or drainage.

(3) Whether removal of a tree on a steep slope or very steep slope is likely to impact the stability or runoff from that slope and have an adverse impact on stormwater pollution or require additional stormwater management practices.

(4) Whether the tree is a specimen tree and, in the discretion of the Approving Authority, alternatives exist that would achieve the objectives of the applicant without removal of the specimen tree.

- (5) Whether the tree is designated by the NYSDEC as a protected native plant.
- (6) Whether possible or practicable alternatives exist.
- (7) Whether a replacement tree plan is provided.
- D. Approvals granted by the Planning Board shall be deemed tree removal permits when tree removal or preservation is specifically proposed in conjunction with an approval application submitted to such agencies. These agencies shall apply the criteria, procedures and standards of this chapter and shall consider how tree removal might be reduced by changes to the application being considered. The opinion of the CAC and the Approving Authority may be sought to assist such agencies in their determinations. These agencies shall record on their determinations the specific tree removal and remediation which they approve.
- E. Any application for tree removal in a Special Character Overlay District as defined in §220-31 of Lewisboro Town Code shall be referred to Architecture and Community Appearance Review Council for report and recommendation.

§ 203-5. Permit Application

A. Except when tree removal is being proposed as part of an application to the Planning Board, the applicant shall file with the Approval Authority three (3) copies of a tree removal permit application in the form required by the Approval Authority. The application shall include:

- (1) Name and address of the applicant.
- (2) Name and address of the property owner, if different.
- (3) Address and Town Tax Map designation of the property.
- (4) Purpose of tree removal.

(5) Color photographs showing the areas and environment where trees are proposed to be removed, with sufficient detail to identify the remaining trees in the area after the work is completed.

(6) A sketch (or survey to be submitted by the applicant if subdivision or site plan is involved) of the boundaries of subject property and that section to be disturbed, showing the number, location and common name of all trees to be removed, the tree caliper and the distance of each from nearby structures, roads, or other landmarks which will enable the trees to be easily identified. Access roads, skid roads and loading areas must also be identified.

(7) If known, the identification of a wetland boundary and buffer boundary, or the completion of a clearance form as defined in Chapter 217, Wetlands and Watercourses.

- (8) Proof of insurance as required by the Approval Authority for applicant or the agent/ contractor submitting such application, which evidences existence of general liability insurance with minimum limits of \$1,000,000 per occurrence for bodily injury and \$100,000 per occurrence for property damage as well as NY State Workers Compensation insurance and NY State Disability insurance as may be applicable.
- B. Submission of a tree removal permit application shall constitute permission for the Approving Authority and/or duly authorized employees and/or agents of the Town to enter upon the subject property described in the application, at reasonable times, with prior notice to and agreement by the applicant, which agreement shall not be unreasonably withheld, to carry out the inspections required in this chapter and to otherwise enforce its provisions.
- C. The Approving Authority shall approve, approve with conditions or deny a tree removal permit application within sixty (60) days after receipt of a complete application. If no action is taken by the Approving Authority within sixty (60) days after receipt of the complete application, it shall be deemed to be approved as submitted.
- D. A tree removal permit shall expire 24 months after it is granted.

§ 203-6. Conditions for Permit Application

The Approving Authority may as a condition of granting a permit:

A. Regulate the days and hours of removal operations.

- B. Regulate the size and number of trucks and routes used for removal.
- C. Require tree protection, or other mitigation to prevent erosion, provide screening, preserve ecological systems or remediate effects on neighboring properties or roads.
- D. Require the re-planting of replacement trees of a similar or different species or, in the event that the Approving Authority deems it impractical to require re-planting or replacement of trees pursuant to this section, require addition of other vegetative material or fencing or terracing or other similar measures to offset the negative effects of tree removal.
- E. May, in the discretion of the Approving Authority as a condition of permit issuance pursuant to this Chapter, require posting of a performance bond with a minimum term of two years to ensure compliance with this ordinance and other regulations of the Town of Lewisboro.
- F. Require such other safeguards as may be deemed appropriate to minimize the environmental impact of such permitted activity.
- G. Require replacement of removed trees, should such replacement be warranted in the discretion of the Approving Authority. If such replacement is directed or required, the schedule for such replacement shall be as follows:

DBH of Existing Tree Removed	Number of Replacement Trees (3 inch caliper)
Less than 6 inches	1
Between 6 and 12 inches	3
Between 12 and 18 inches	4
Between 18 and 24 inches	5
Between 24 and 30 inches	6
Between 30 and 36 inches	10
36 inches or greater	The equivalent of 3 inch caliper trees or greater needed to equal the

Tree Replacement Schedule

DBH of the cut or removed tree.

§ 203-7. Fees

A tree removal application shall be accompanied by a fee as set forth in the Fee Schedule of the Town of Lewisboro, as may be amended from time to time by resolution of the Town Board.

§ 203-8. Penalties for offenses.

- A. The owner of record of any property on which trees subject to this chapter are removed without the granting of a tree removal permit, or are removed in violation of conditions attached to a tree removal permit, or any person removing or in the process of removing such trees, shall be guilty of a violation of this chapter, which shall be punishable by a fine of no less than \$250.00 or in excess of \$500.00. Each tree removed without a tree removal permit or in violation of the conditions attached to a tree removal permit of the conditions attached to a tree removal permit or in violation of the conditions attached to a tree removal permit or in violation of the conditions attached to a tree removal permit shall constitute a separate offense.
- B. In addition, the owner of record of any real property which has been determined to be in violation of this Chapter shall be ineligible for receipt of subdivision approval, site plan approval, issuance of a building permit(s), certificate(s) of occupancy, certificate(s) of compliance or zoning board of appeals variance(s) relating to the property(ies) which are in violation of this Chapter, until such time as said violation(s) are deemed cured and any related proceeding in local court terminated as defined in §1.20 of the Criminal Procedure Law. The foregoing provisions for enforcement of the regulations in this chapter are not exclusive, but are in addition to any and all laws applicable thereto.

§ 203-9. Appeals.

Any applicant aggrieved or affected by the determination of the Approving Authority with respect to an application for a tree removal permit may appeal such determination to the Zoning Board of Appeals, stating the reason for such appeal. The Zoning Board of Appeals shall conduct a hearing on the appeal within 60 calendar days of receipt of such appeal and shall, based upon the standards contained herein and the facts of the matter, deny, grant, or grant with conditions the permit being sought.

SECTION 4 – HOME RULE

Nothing in this Local Law is intended, or shall be construed (a) to limit the home rule authority of the Town under State Law to limit the Town's discretion in setting fees and charges in connection with any applications requiring Town approval.

SECTION 5 – SEVERABILITY

If any part or provision of this Local Law or the application thereof to any person or circumstance be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part or provision or application directly involved in the controversy in which judgment shall have been rendered and shall not affect or impair the validity of the remainder of this Local Law or the application thereof to other persons or circumstances, and the Town Board of the Town of Lewisboro hereby declares that it would have passed this Local Law or the remainder thereof had such invalid application or invalid provision been apparent.

SECTION 6 – EFFECTIVE DATE

This Local Law shall take effect immediately upon filing in the office of the Secretary of State in accordance with Section 27 of the Municipal Home RuleLaw.

Progress Report for Part IX.A

Permit # NYR20A227

Watershed Name East of Hudson

MS4 Name Town of Lewisboro

Reporting Period Ending (mm/dd/yyyy)

09/01/2023

Watershed Improvement Strategy

Describe the strategy to reduce the discharge of phosphorous to this waterbody. Include new sources that may have been identified and any modifications to the strategy to better address new sources.

Through public education and participation, as well as maintaining compliance with Local and State stormwater regulations via permitting, approvals and implementation of BMP's, the Town of Lewisboro continues to make efforts to reduce phosphorus loading to the watershed. The Town also participates in a regional watershed improvement program through EOHWC and continues to actively pursue stormwater retrofit projects.

Public Education & Outreach

1. Description of the education program

Through the use of the Town website and stormwater management webpage, printed materials and brochures, public notices, meetings, email listings and public TV service announcements and TV programs, the Town continues to provide and update the public with educational materials, notification of upcoming related events and distribution of stormwater management and educational materials.

2. Who is the target audience and what is the message delivered to each target audience?

The target audience includes public employees, homeowners, contractors and developers. Topics include construction site management, IDDE, green infrastructure, pesticide and fertilizer application and waste management.

3. Identify how many educational materials have been developed and distributed

 Identify how many educational materials have been developed and distributed that focus on:

а.	understanding the Phosphorous issues	7,450
b.	Septic systems as a source of Phosphorus Non-Traditional MS4 🗌	7,450
C.	Phosphorous concerns with fertilizer use	0
d.	Phosphorous concerns with grass clippings and leaves entering the MS4	0
e.	Construction sites as a source of Phosphorus	0
f.	Phosphorous concerns with detergent use	0

PERMIT # NYR20A227

5. Education plan and goals for the next 6 months

```
Continue to utilize the Town website and stormwater management webpage,
printed materials, brochures, public notices and meetings, email listings
to reach the public to provide and update them with educational materials
with regard to stormwater management and phosphorus reduction.
```

Illicit Discharge Detection and Elimination

- Non-Traditional MS4 (Skip Question 6-6e) 6. Number of On-Site Wastewater Treatment Systems (OWTS) with a design 3,100 capacity of less than 1000 gpd that are located in sewersheds that drain to the listed waterbody a. Number of OWTS inspected in this reporting +/- 708 b. Number of OWTS in need of maintenance or rehabilitation <u>None</u> Known c. Number of OWTS where maintenance or rehabilitation has been None Known performed in this reporting period. d. State the plan for OWTS that have not been addressed in 6c this reporting period Owners of OWTS's are required to perform an inspection of their system by a Licensed septage hauler once every 5 years. Any recorded failures or failures otherwise identified by IDDE are required to make repairs as directed by the Westchester County Department of Health (WCHD). e Describe the OWTS inspection program; Who is responsible for performing OWTS inspections? (eg:Septage Haulers, DOH, engineer, consultant); What methods are used? Are there trends in systems that need maintenance vs systems that need rehabilitation? Chapter 183: Sewers & Sewage Disposal of the Town Code requires that all owners of OWTS's cause an inspection a minimum of once every 5 years by a Licensed hauler with reporting to WCHD. Those individuals that do not comply are subject to notice of violation and fines. Further, any reported septic failures, repairs to same and corrective action and enforcement is under the pervue of the WCHD.
- 7. Number of Illicit Discharges detected within sewershed of listed waterbody in this of the several detected within several d reporting period.
 - a. Number reported in 7 that have been eliminated

0, , ,

b. List of Illicit Discharge locations that have not been eliminated in this reporting period and the target date for elimination

Construction Site Stormwater Runoff Control

Non-Traditional MS4 (Skip Question 8)

8.	Nu	mber of SWPPPs reviewed and approved during this reporting period	4, , ,
9.		mber of active construction sites within sewersheds of impaired waterbody ring this reporting period:	<u>.52</u>
	a.	Number of sites reported in 9 that are between 5000 sqft and 1 acre	40
	b.	Number of sites inspected in this reporting period	40
	C.	Number of sites in need of corrective action	0

- d. Number of sites where corrective action was completed in this reporting <u>0</u> period
- e. Discuss inspections. Discuss trends that may have been observed in this reporting period. State reasoning for not inspecting all active construction sites. (if applicable)

The Town Consulting Engineer, as part of the plan review process, requires Erosion & Sediment Control plans for all projects, as well as post-construction stormwater management as appropriate. All construction projects are inspected by the Town Consulting Engineer in addition to inspections required by the trained contractor or qualified inspector as part of a SWPPP.

10. Construction Site Stormwater Runoff Control plan and goals for the next 6 months

The Town will continue to educate developers and owners through plan review and approval of the importance of proper stormwater mitigation. The Town Consulting Engineer will continue to review the design of these systems and inspect their construction.

Post Construction Stormwater Management

	umber of Stormwater Management Practices (SMPs) located in sewersheds at drain to the listed waterbody	.3, , , ,
a.	Number reported in 11 that have been inspected in this reporting period	.3
b.	Number of SMPs in need of maintenance or rehabilitation	0
C.	Number of SMPs where maintenance or rehabilitation has been performed in this reporting period.	<u>,0 , , , , </u> ,
d.	Number of SMPs where phosphorous pollutant problems have been identified.	<u>,0, , , ,</u>
e.	Number reported in 11d where the pollutant problem has been addressed.	<u> </u>
f.	Who is responsible for performing SMP inspections?	

Owner, Developer or Contractor, as appropriate. The responsibility to maintain SMP's carries with the property owner via deed covenants.

146990	
ERMIT # NYR20A227	
g. Is the criteria in Ch 5, 6, and 10 of the NYS Stormwater Management Design Manual being applied? (If no, please describe deviations)	ידע ר גע (
h. State procedures to identify sites with post construction controls that are not functioning as designed (ie, rill erosion, pollutant bypass)?	
The Town identifies failed systems via IDDE, as well as Town-wide or reconnaissance inspections.	utfall
. Describe the retrofit program. Include the funding sources and design descriptio retrofits. Identify all retrofits that have been constructed and maintained during the reporting period.	
The Town is a partner in EOHWC and actively pursues stormwater retro	
projects. The Town completed the Town Park stormwater retrofit and	is
developing plans for an in-stream retrofit along Mead Street.	
The Town will continue to review, approve and inspect SMP's as part	
proposed developments. The Town will continue its partnership with and seek viable stormwater retrofit projects.
