

**The Drug Abuse Prevention Council (DAPC) is looking for volunteers to be a part of our Council.**

## **ABOUT US**

### **Who Are We?**

The DAPC is a three-town cooperative effort funded by and serving the towns of Bedford, Lewisboro, and Pound Ridge. The Council consists of members from various sectors including schools, local government, parents, media, businesses, healthcare professionals, and law enforcement.

### **What Do We Do?**

The DAPC is dedicated to the concept of primary prevention. This is defined as a program of activities directed at improving the general well-being of the community as it relates to raising awareness about the dangers of drug and alcohol abuse. The goal of DAPC initiatives is to create a positive and safe environment for individuals, families and the community by addressing the various risk and protective factors for substance use and abuse.

### **How Do We Achieve Our Goals?**

The DAPC works to achieve its goals by distributing information, sponsoring presentations, planning workshops and events, collaborating with other sectors to organize outreach activities, and offering support to school districts in their initiatives to keep students safe, healthy, and drug-free.

## **VOLUNTEERING**

Volunteers from each town are crucial in helping our Council achieve its mission. The role of our volunteers includes:

- ❖ Participating in the DAPC's monthly meetings to discuss present and future initiatives, assess community needs, and share information and resources.
- ❖ Assisting in the communication and collaboration between the Council and town officials.
- ❖ Assisting in the communication and collaboration between the Council and local schools.
- ❖ Helping with the planning, advertising, and facilitation of DAPC events and initiatives.
