

# LVAC Blood Drive

News Release Date

03-29-2016

Event Date

Wed, Apr 27 2016, 2 - 8pm

## **WE NEED YOUR BLOOD!**

From organ transplants to heart surgeries, today's advanced medical care relies on blood transfusions. When one person donates a unit of blood, it can be separated into individual components to save multiple lives. Blood donors like you help meet the daily transfusion needs of cancer and surgery patients, accident and burn victims, newborns and mothers delivering babies, AIDS and sickle cell anemia patients, and many more.

LVAC Blood Drive - Wednesday, April 27th, 2:00-8:00pm. Walk-ins welcome.
